Dear Sir or Madam,

Did you know that almost every horse has got a problem with its teeth? I am an Irish horse dentist, taking care world wide of horses in the dental medicine. My work is dedicated to the horses' teeth. No other animal has served men so well so long. The horse: a friend, teacher, and companion for many, many years....

The health of your horse's teeth is very important. A dental treatment raises its well-being and its motivation. It is an obligation that has to be done every six months. (Check-up is for free!)

Furthermore I offer a free scan of your horse's mouth, in order to provide a mouth bit in the exact size for your horse.

Owing to the great demand and due to the positive resonance received, I would be pleased to introduce myself personally to you. If you have any questions, please don't hesitate to contact me. Further information can also be found on my web-page. Please call me for an appointment. Your horse will be very grateful.

With compliments,
Your Horse Dentist
Mc Garrity (Mac)
